The Center for Religion and Media seeks to develop interdisciplinary, cross-cultural knowledge of how religious ideas and practices are shaped and spread through a variety of media. The Center, inaugurated through The Pew Charitable Trusts, is a collaborative project of the Religious Studies Program and the Center for Media, Culture and History, providing a space for scholarly endeavor, a stage for public educational events, and an electronic interface with media specialists and the public through its innovative web journal, The Revealer: A Daily Review of Religion and the Press, www.therevealer.org.
